Appendix 4C – Quarterly cash report

Dear Sirs,

Attached is the company's appendix 4C for the quarter ended 31st March 2005.

As announced earlier today the company is to make a private placement of 8.3m shares at \$0.12 totalling \$1.0m to sophisticated and institutional investors. The placement is fully underwritten. These funds along with existing resources are sufficient for working capital requirements for at least the next two quarters.

The attached quarterly cash report shows a significant decrease in net operational funds used in the quarter compared with prior quarters. The net operational cash outflow is down 46.5% from the December 2004 quarter and 52.3 % from the September 2004 quarter. This is due to higher debtors' receipts, which were up 64% from the December quarter and lower costs. Both these results were foreshadowed in earlier reports.

Yours sincerely,

Paul B Magoffin,
Company Secretary
